SUMMARY

Aspiring software developer with solid background knowledge in user-centered design and **full-stack web development**. knowledgeable about converting concepts into workable digital solutions and developing responsive, user-friendly interfaces. motivated by a love of learning, solving problems, and creating technology that is impactful and scalable. eager to contribute to practical projects and advance within dynamic development teams .I'm looking to **grow as a software engineer**.

EDUCATION

Galgotias University | Bachelor of Technology | CGPA:7.29/10

Nav Jeevan Mission School | 12th | 70.2%

Nav Jeevan Mission School | 10th | 79%

Gautam Buddh Nagar | 2022-Present

Deoria, UP | 2020-2021

Deoria, UP | 2018-2019

TECHNICAL SKILL

Web Development: HTML, CSS, JavaScript, React.js, Node.js

Languages & Framework: Java.

Database: MySQL.

Tools & Platforms: VS Code, GitHub, IntelliJ Idea, Figma, AWS.

PROJECTS

EduExam

- A project focused on educational examination functionalities
- Design a structure frontend layout for the EduExam website.
- Utilized Figma for the project design
- **Project Link:** <https://www.figma.com/design/aLeDXOgicVKf5VwFPSZCDR/eduexam?node-id=0-1&t=0bCCdGRUjfgaOxId-1>

Khatabook Clone

GitHub link:

- **Development:** Built a Khatabook-style web application with some customized changes with using React.js, Node.js
- **Features:** Implemented customer account management, transaction tracking, balance calculation, with user-friendly interface.
- **Functionality:** Enabled adding, editing, and deleting customer entries and transactions, along with automatic ledger balance computation and filtering options..

INTERNSHIPS / WORK EXPERIENCE

All India Council for Technical Education (AICTE) | [10/2024 - 12/2024]

Organization focused on higher education and technical skill development.

- Gained hands-on experience in building web applications using front-end, back-end, and database technologies.
- Built web applications using HTML, CSS, JavaScript, Node.js, and MySQL.
- Gained practical experience through real-world projects.

SOFT SKILLS

- Adaptability
- Attention to detail
- Collaboration and Teamwork
- Communication
- Problem-solving
